WELCOME HOME

Occasionally we get a property to sell that is not a house but a home. This four bedroom, two bathroom home which is located in a securely gated cul-de-sac in the ever popular Pacific Dunes Golf and Country Club is ripe for the picking.

Tying in with the level of the estate this home has high ceilings, ducted air conditioning, walk in pantry and many more hidden little features. More importantly there is plenty of living room, big bedrooms, a great kitchen featuring stone benchtops and a great backyard overlooking the 15th fairway and green.

This is the home you see online and picture yourself relaxing out the back with the sun setting, glass of wine and your feet up knowing everything is just right. You just need to place yourself here!!
