Home Sweet Home

Where will your favourite spot be... will it be in the kitchen that makes the cooking just as much fun as the eating OR the spacious yet comfy airconditioned lounge room OR the indoor outdoor room at the rear of the home that looks out to the garden OR will it be in the double garage tinkering on your latest project.

Parking is a breeze with a tandem double carport with undercover access to three entry points of the home plus a freestanding double garage and an additional carport with clearance that may accommodate a caravan, boat or large trailer.

Call Kristine Brown on 0427929524 to organise your inspection and get set to make your best offer. Your future self will thank you.
