  1

It's a Little Ripper.

This spacious town house has two bedrooms, the main is huge - enough room for the bed and a lounge if you require a second sitting area. The lounge and dining room area is also surprising large for a townhouse. The rear courtyard looks out over beautiful parklands providing a relaxing retreat. Won't last at this price and location.

Price: \$195,000 - \$210,000
